Our Model

We believe in the children, youth, and families we serve. Through excellent education, supporting powerful families, and strengthening our communities, we can all thrive together

- Las Posadas held at our Charter Elementary School

Para Los Niños Afterschool Program serves TK - 8th grade students across our three charter schools with the goal of improving student success: academically and holistically. Providing all students with a safe and engaging environment, all activities support core curriculum with enriching experiences and opportunities to reinforce and enhance academic achievement.

What We Offer:

- Academic support, homework assistance, academic enrichment, learning centers and student clubs
- Robotics, coding and science
- Creative expression involving arts, crafts, music, and dance
- Social-emotional learning
- Physical recreation, organized sports, and teambuilding activities
- Parent involvement opportunities
- Fieldtrips and educational events
- Daily nutritious snack and/or supper
- Referrals to other Para Los Niños services

"The thing I like about the afterschool is that we have robotics."

Students Explore Outside of their Community

During the 2022 - 2023 school year, the afterschool program provided opportunities for students to explore outside of their community. The benefits of fieldtrips and community explorations have positive and lasting impact on students' education, social development and career aspirations. Students are likely to be more engaged, intellectually curious and interested in and out of school.
